**Aerosol cans, empty:** Recycle with scrap metal. Talk to your town. (Bring cans with product in them to collection.)

**Ammunition and explosives:** State Police at 271-3636.

**Asbestos:** Get a licensed asbestos specialist. Asbestos is hazardous to your health—don't remove it yourself!

**Batteries, alkaline:** Most non-rechargeable batteries (AA, AAA, C, D, and 9-volt) are trash in NH. If in doubt, just bring to collection. Tape 9-volt terminals before disposal to avoid fire in your trash!

**Batteries, automotive:** Take to parts store for cash or your transfer station

**Fire extinguishers:** Recycle empty extinguishers (NRRRA takes from towns).

**Fluorescent lights:** May be taken at your town facility. Check with your town. Food Co-ops and Home Depot may take CFLs (spiral bulbs), not tubes.

**Latex paint:** Use kitty litter, sawdust, or shredded paper to dry out latex paint; throw in your trash. Empty, dry metal cans may be recycled as scrap metal at your recycling facility. If it says "clean up with soap and water," it's latex.

**Medical sharps:** Place in a rigid container (e.g. detergent bottle), seal cap with duct tape, and label container with marker, "Sharps, not for recycling."

Dispose of with regular trash by handing to a waste collector—can become a projectile if compacted in trash. *Lebanon Police Station accepts some sharps.*

**Medicine:** See [www.twinstatesafemeds.com](http://www.twinstatesafemeds.com) for police stations taking meds.

**Propane or helium tanks:** Propane/helium tanks can be exchanged/refilled at a distributor; or contact town transfer station about empty tanks.

**Used motor oil:** Take to town transfer station or a service station for recycling.

**CHECK OUT OUR WEBSITE FOR MORE INFO:** <http://hww.uvlsrc.org>
