2006 NEWBURY MASTER PLAN

CHAPTER IV

COMMUNITY FACILITIES & SERVICES AND RECREATION

Recommendation: Social Services

The Town's part-time Welfare Officer needs private space for confidential meetings with clients. The current Welfare Officer has been using her home for these meetings. The office needs for the Welfare Officer can be met in the short-term in the Town Office Building by sharing an office with another part-time Town employee. As the Town's administration increases with continued residential growth, the need for this space for use by other full-time personnel may become an issue.
